

(1) The license shall be subject to the irrevocable royalty-free right of the Government of the United States to practice and have practiced the invention on behalf of the United States and on behalf of any foreign government or international organization pursuant to any existing or future treaty or agreement with the United States.

(2) The license shall reserve to the Air Force the right to require the licensee to grant sublicenses to responsible applicants, on reasonable terms, when necessary to fulfill health or safety needs.

(3) The license shall be subject to any licenses in force at the time of the grant of the exclusive or partially exclusive license.

(4) The license may grant the licensee the right of enforcement of the licensed patent pursuant to the provisions of 35 U.S.C. 29, as determined appropriate in the public interest.

**§ 841.9 Additional licenses.**

Nothing in this part will preclude the Air Force from granting licenses for Air Force inventions which are the result of an authorized exchange of rights in the settlement of patent disputes. The following exemplify circumstances wherein such licenses may be granted:

(a) In consideration of the settlement of an interference;

(b) In consideration of a release of a claim of infringement; or

(c) In exchange for or as part of the consideration for a license under adversely held patents.

**§ 841.10 Foreign licenses.**

(a) Exclusive or partially exclusive licenses may be granted on an Air Force invention covered by a foreign patent, patent application, or other form of protection, provided that:

(1) Notice of a prospective license identifying the invention and prospective licensee has been published in the FEDERAL REGISTER, providing opportunity for filing written objections within a 60-day period and following consideration of such objections;

(2) The Air Force has considered whether the interests of the Federal Government or United States industry

in foreign commerce will be enhanced; and

(3) The Air Force has not determined that the grant of such license will tend substantially to lessen competition or result in undue concentration in any section of the United States in any line of commerce to which the technology to be licensed relates, or to create or maintain other situations inconsistent with antitrust laws.

(b) In addition to the provisions of § 841.6, the following terms and conditions apply to foreign exclusive and partially exclusive licenses:

(1) The license shall be subject to the irrevocable, royalty-free right of the United States Government to practice and have practiced the invention on behalf of any foreign government or international organization pursuant to any existing or future treaty or agreement with the United States.

(2) The license shall be subject to any licenses in force at the time of the grant of the exclusive license.

(3) The license may grant the licensee the right to take any suitable and necessary action to protect the licensed property on behalf of the United States Government.

**Subpart C—Licensing Procedures**

**§ 841.11 Publication requirements.**

The Department of the Air Force will cause to be published in the FEDERAL REGISTER, and at least one other publication that the Air Force deems would best serve the public interest, a list of Government inventions in the custody of the Department of the Air Force available for licensing under the conditions specified in subpart B.

**§ 841.12 Request for a license.**

Requests for a license under an Air Force invention should be addressed to the Chief, Patents Division, HQ USAF/JACP, Washington DC 20324.

**§ 841.13 Contents of a license application.**

An application for a license will include:

(a) Identification of the invention for which the license is desired including the patent application serial number or
